

NEW PRODUCT RELEASE

For Immediate Release: June 20, 2011

ILG Releases DELL 5230 OEM alternative Cartridge 330-6968 with Leak-Guard System™.

WOODLAND HILLS, Calif. — ILG (International Laser Group) releases the OEM alternative **Dell cartridge 330-6968** for use in the **Dell 5230dn, 5230dn, and 5350dn series printers.** The **Dell 5230** compatible from ILG offers outstanding print quality and page yields of 21,000 Pages matching the OEM. The **DELL 5230dn** cartridge is a technologically challenging cartridge with advance engineering standards utilizing chip technology. ILG is proud to be one of the first-to-market with this high demand product, enabling ILG to showcase its engineering leadership in the industry. ILG's Dell compatible offers substantial cost savings over OEM and is the best match to OEM in performance.

The **DELL 5230dn** mono laser printer delivers fast and high performance output of 45 pages per minutes with optional two-sided capacity. ILG applies several state-of-the art manufacturing technologies to its alternative cartridges, such as the **Leak-Guard System™**, a **leak-proof** system with durable air tight seal that prevents toner leakage. ILG implements these systems to prevent leaking, streaking or toner buildup to assure that each cartridge performs to OEM standard.

ILG's recent **DELL** releases include: **DELL 2330 Black Cartridge compatible 330-2667**, as well as the color series **DELL 3110 colors: 330-8093 (black), 330-8095 (cyan), 330-8097 (magenta), 330-8099 (yellow)** compatible cartridges. ILG is the only company in the alternative industry to apply the proprietary **Leak-Guard System™** that can eliminates the leakage during transport. .

ILG offers an extensive line of Dell and other quality OEM alternative products in monochrome and color. Our 700 SKU's of in-depth product lines, including our exclusive **JUMBO COLOR®** toner line and over 200 SKU's of color products, are available for next day delivery through our five nationwide strategically located distribution centers.

ILG is one of the world's top private-label and private box contract manufacturers in North America. Each and every ILG printer cartridge is 100% guaranteed and is **STMC** certified. ILG is headquartered in Woodland Hills, California.
