

NEW PRODUCT RELEASE

For Immediate Release: June 11, 2011

ILG OFFERS STRONG MICR TONER LINE-UP

WOODLAND HILLS, Calif. — ILG (International Laser Group)

ILG offers most comprehensive **MICR toner** line selection in the Industry. ILG carries one of the strongest OEM alternatives in MICR along with their quality color and monochrome toner cartridge line. **MICR (Magnetic Ink Character Recognition)** is primarily used in check printing applications. Currently, over 100 MICR toner are available, adding 2-3 new products monthly.

ILG's MICR cartridges are subjected to the most stringent testing procedures to meet the highest quality standards. Every MICR cartridge must meet the American Bankers Association's (ABA) requirements as well as the American National Standards Institute's signal strength minimums. These tests ensure each product meets and complies with both U.S. and Canadian standards. ILG is also first to market with new MICR product releases: Compatible to Lexmark T650MICR, T630M, Lexmark E260M, and E360M series in compatible. ILG's best selling MICRs are: Compatible HP CC364M/XM, Q5942M/XM, C4182M, CE505M, Q7553M, and our popular CE255M MICR compatible for the HP P3010, P3015, P3016 printer series. .

These MICRs are heavily used by the financial institutions and check processing companies. ILG's compatibles offers the best alternative to high-priced OEM MICR, providing value and quality. ILG maintains strong inventories for 7 different printer manufacturers, including JUMBO MICR Cartridges for lowest cost per print.

ILG's North American manufacturing facilities offers over 700 SKU's of in-depth product lines, including our exclusive JUMBO COLOR® toner line and over 200 SKU's of color products, are available for next day delivery through our five nationwide strategically located distribution centers.

ILG is one of the world's top private-label and private box contract manufacturers in North America. Every ILG printer cartridge is 100% guaranteed to be free of defects in workmanship. ILG is headquartered in Woodland Hills, California.
