ILG Nominated for 2010 Recharger Readers Choice Awards:

Best New Product: JUMBO CC364XX
Quality Leader: Toner
Best Customer Support

WOODLAND HILLS, Calif. — ILG (International Laser Group) announces its nomination for Recharger Magazine's **2010 Readers Choice Awards** (RCA). ILG has been nominated in the following categories: **Best New Product** (JUMBO CC364XX), **Quality Leader** (Toner) and **Best Customer Support**.

Best New Product – JUMBO CC364XX

ILG's JUMBO CC364XX offers an increased page-yield of 30,000 (compare to OEM yield of 24,000 pages) and is specifically designed for use in HP Series P4014, P4015, P4515 printers. ILG offers an exclusive line of quality high-yield toners ideal for MPS providers, including JUMBO COLOR™ toners.

Quality Leader - Toner

ILG is STMC certified with manufacturing in North America. ILG's meticulous quality assurance program begins with using only "virgin" OEM cartridge cores which are tested against exacting quality control standards. In fact, ILG rejects roughly 37% of all incoming cores and components. ILG's specification criteria ensure that products are free from defects. All products are 100% post-tested for image density, resolution and page yield.

Best Customer Support

Discover the Difference. ILG is focused on your success. ILG's sophisticated stock management and component procurement systems allow ILG to satisfy the customer's needs on the customer's timeline. ILG's 4 company-owned regional distribution centers make next-day delivery available.

Recharger subscribers can vote online at Rechargermag.com.

Voting ballots will also be included in the May and June issues of Recharger magazine.

Readers Choice Awards winners will be announced at Recharger's World Expo in July

Polls close June 30.

ILG is a leading manufacturer of premium quality OEM alternative imaging supplies. ILG manufactures more than 600 SKUs of brand name OEM alternative toner cartridges, including our JUMBO COLOR™ toners, MICR and thermal transfer products.
