

## **International Laser Group Develops Lexmark Transit Leakage Solution**

*May 1, 2004- page(s): 186*

WOODLAND HILLS, Calif – International Laser Group (ILG), an industry-leading manufacturer of premium compatible imaging supplies, announced that company engineers have developed a new proprietary technology, which has solved the leakage problem that occurs while transporting aftermarket Lexmark products.

"This technological breakthrough is just the latest example of ILG's commitment to advancing the aftermarket's role within the imaging supplies industry," said Gary Michaels, ILG chairman and CEO.

Since the company's creation in 1988, ILG has become one of the leading worldwide manufacturers of premium compatible laser inkjet and fax cartridges. ILG has earned a reputation throughout the industry for exceptional customer satisfaction.
