

International Laser Group (ILG) Releases Line of MICR Cartridges

December 1, 2004- page(s): 162

WOODLAND HILLS, Calif. – International Laser Group (ILG), a leading manufacturer of premium compatible imaging supplies, announced it has partnered with a chip manufacturer to produce a full-range of compatible MICR cartridges for the Standard Register, Source Technologies and Troy product lines.

"Being the first-to-market with these products demonstrates ILG's commitment to its customers and to its own innovative product development programs," said Joe Shulman, new product development coordinator.

Since the company's creation in 1988, ILG has grown to be one of the top private-label contract remanufacturers with an industry-earned reputation for quality, price, deliverability and customer satisfaction.
