ILG Releases Unique Universal / Jumbo combination Cartridges for HP 4200, 4250, 4300, 4350, 4345 printer series.

WOODLAND HILLS, Calif. — ILG (International Laser Group) releases an unique concept in toner cartridges for the most popular HP **LaserJet 4200, 4300, 4250, 4350, 4345 mfp printers**. The **Q5942XU** OEM alternative is compatible to five HP cartridges: **Q1338A, Q1339A, Q5942A, Q5942X, and Q5945A**. This Universal and Jumbo combination is not available from the OEM and unique to ILG. The Universal Jumbo toner offers 18,000 page yields and replaces multiple cartridges.

ILG's Q5942XU OEM alternative toner cartridge produces excellent quality images and print density matching OEM in performances.

ILG is proud to be first-to-market with this combination of Jumbo and Universal; the Universal cartridges are in high demand and offer real value to dealers and end-users because of the multi-functionality.

"Our Universal cartridges are an incredible value to our resellers and customers. The dealers can offer products that are compatible to several printer models, and free up shelf-space. This product is not available from HP and ILG's engineers were able to manufacturer this multi-use product at substantial savings to dealers." Said, Joe Shulman, V.P. of client relations."

ILG's North American manufacturing and assembly facilities with their stringent quality control systems guarantees each and every toner cartridge meets the OEM specifications. ILG custom-selects virgin cores to ensure our cartridge and toners are of best quality and free from defects.

ILG offers an extensive line of HP and other quality OEM alternative products in monochrome and color. Our 700 SKU's of in-depth product lines, including our exclusive JUMBO COLOR® toner line and over 200 SKU's of color products, are available for next day delivery through our four nationwide strategically located distribution centers.

ILG is one of the world's top private-label and private box contract manufacturers in North America. Each and every ILG printer cartridge is 100% guaranteed and is STMC certified. ILG is headquartered in Woodland Hills, California.
